EDUCATION

Computer Science and Engineering

Charotar University of Science and Technology, Anand, Gujarat. CGPA: 8.95| (May 21 - Jun 25)

XII (GSEB)

Shri Swaminarayan vidhyalaya, Rajpipla
90% | 2021

TECHNICAL SKILLS

- HTML/CSS
- C(Basic)
- C++(Basic)
- Java
- Sql
- WordPress
- Figma

BUSINESS SKILL

- Team Work
- Problem Solving
- Time management
- Communication

PROJECTS

• Natours Website

Technology Used: HTML/CSS

Created an attractive website for nature enthusiasts and outdoor adventurers. It was designed with advanced CSS and HTML techniques, and optimized for different screen sizes. This resulted in a visually stimulating, modern, and functional website.

Clinic Website

• Clinic Website

Technology Used: WordPress

Created a WordPress website for a clinic, showcasing its facilities and services. The website features blogs, appointment booking, and SEO plugins to improve visibility. I learned a lot about WordPress plugins and enjoyed the project. I look forward to creating more websites in the future.

CERTIFICATIONS

- Complete guide to WordPress at Coursera
